

EZ-Kount 750 Sheet Counter

Source: Spartanics

EZ to learn, EZ to operate, EZ to service, and EZ to own, Spartanics' EZ-Kount 750 sheet counter counts

EZ to learn, EZ to operate, EZ to service, and EZ to own, Spartanics' EZ-Kount 750 sheet counter counts, batch tabs, acquires and verifies at speeds up to 2500 sheets per minute with 100% accuracy. The EZ-Kount 750 counts flat paper and other materials ranging in thickness from 0.048 mm (0.0019 inch) to 0.254 mm (0.010 inch).

The Spartanics EZ-Kount 750 will:

- reduce process costs
- ensure product count accuracy
- verify incoming product counts
- reduce the time required to verify counts for internal document distribution

Standard Features:

- 13 inch stack height
- Small material (coupon) adaptor
- Four counting blades (for various paper guages)
- Computer help screen
- RS232 communications port
- Parallel printer port
- Safety stop control
- Remote control with 10 foot (3m) cord
- Table choice:
 - 580 mm x 890 mm (23 "D x 35 "W)
 - 910 mm x 1170 mm (36 "D x 46 "W)

Accuracy and countability depends on material thickness. Consult Spartanics or your local representative regarding specific materials. Material samples may be requested for evaluation.
