

# IN-LINE OPERATION

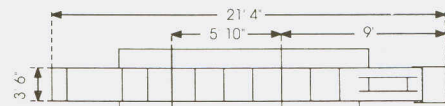

- **System building.** Model 200 readily attaches to the Kugler 4-Knife Trimmer, shown here, as well as to perfect binders, side stitchers, packaging machines, punching units, drills, perforating machines and many more.

- **Continuous in-line operation.** Model 200 is designed to stand alone, or operate in-line for maximum savings of time, space and labor.
- **Side stitching.** A side-stitching unit is available with 9/16" or 3/4" maximum capacity.
- **Speed/versatility/production.** The Colly Collator delivers up to 4,200 sets an hour.

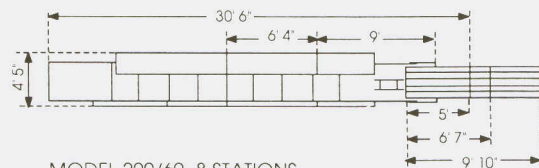

For its proven ability to handle the widest range of jobs of any collator/gatherer, the **COLLY** Collator / Gatherer Model 200 is **the only one.**
