The Lamina FA is a highly accurate sheet-to-sheet fully automatic laminating/mounting machine. The machine can handle most of the existing materials in the market. The compact construction makes the machine operator-friendly with a very short set-up time. The modular construction allows easy upgrading and maintenance resulting in a machine that lasts for many years. A number of options such as Single Face Feeder, Flip-Flop, Down Stacker, Pressure Belt etc. can be added whenever required.
