

Hydraulic Floor Lifts

- Hydraulic lifting machine is suitable for the paper cutting machine.
- The cutting machine and hydraulic lifting machine can be independently operational.
- Complete operation safety, totally safe for operator.
- The function of sensor is adjustable upward and downward.
- Efficient in cutting and saving man power.

SPECIFICATIONS			LG-A100	LG-A120	LG-A145
A	Machine's length	mm/inch	1430/56.29	1600/62.99	1780/70.07
B	Machine's width	mm/inch	1100/43.30	1190/46.85	1450/57.08
C	Machine's height	mm/inch	1440/56.69	1440/56.69	1440/56.69
D	The length of paper-feeding lift	mm/inch	1100/43.30	1270/50	1450/57.08
E	The width of paper-feeding lift	mm/inch	750/29.52	840/33.07	1100/43.30
The maximum height of paper-feeding lift		mm/inch	1000/39.37	1000/39.37	1000/39.37
The max loading		kg/lbs	1000/2205	1200/2,640	2000/4409
The total power		KW(HP)	0.75 (1)	0.75 (1)	1.5 (2)
Net Weight		kg/lbs	500/1196	680/1,496	900/1980
Electrical Supply			As required	As required	As required
