

SAP 46 L

Mobile Vertical Stacker Delivery with pressing

Vertical stacker delivery with pressing for one-up production. Integrated pressing with pre- and main pressing rollers. Solid and space saving construction, large loading capacity. Convenient sheet removing. The sheets are stacked upwards with their spine, therefore collating mark always visible to operator. Integrated batch counter for counting and marking.

Technical data and measurements

Max. working width	46 cm (18 ¹ / ₄ "
Min. working width	15 cm (6")
Infinite height adjustment	93 cm max. (36 ³ / ₄ " 39 cm min. (15 ¹ / ₄ "
Pressure	2000 kp
Infinite adjustable speed	40-150 mtrs./mte.
Power supply	0.75 kW
Self control	for the use on older or foreign machines

Floor plan Measures in cm/inches
