# ITOTEC ANCILLARY EQUIPMENT

Itotec Cutters are highly regarded for their unique capabilities, superior strength, proven Japanese electronics, overall durability and trouble-free operation.

## Joggers

Our Kudo Joggers can increase Cutter productivity by 33%. With the ability to tilt left or right, Kudo Joggers can be placed on either side of your Cutter, or in the middle of (2) Guillotines. Air squeeze roller comes standard and scales are optional (for precision based environments).

## Unloaders

Automating the downstacking process, our Itotec Unloaders can double your operator productivity. RU 5.0 Unloaders, for 45" and 54" Guillotines, can be designed in a right handed, or left-handed format. Modular in design, RU 5.0 Unloaders can be purchased in future years.

## BestCut JDF Workflow Software

In collaboration with Ultimate Software, a leading resource in the graphic arts community, we have jointly designed a product to simplify the cut process. From scan gun, to visual product rotation, to exact image display, to estimated cut time per job: BestCut is an operator's dream!
