

Durability, Versatility, Affordability

# SIG-FEED

## FEATURES:

- Precise feed control of folding carton and corrugated blanks
- Ergonomic design for blank loading ease; less operator fatigue
- Compatible with most folder gluers with simple "roll up and lock in" design
- Uniform pile height achieved with adjustable proximity switch
- Fully adjustable feed gates accommodate full range of blank sizes
- AC variable speed drive for speed adjustments

# SIGNATURE SIG-FEED

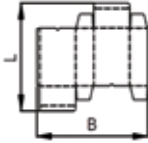

The Signature brand of converting equipment is designed to meet the growing needs of today's folding carton and corrugated industry through quality construction, innovative design, and aggressive return on investment.

## Compatible Inline Prefeeder

The Signature Sig-Feed prefeeder is compatible with most folder gluer brands and is available for sale as an individual unit or as a supplemental option for a new Signature brand folder gluer. The Sig-Feed is designed for high speed, continuous operation that requires less manual effort and is known for simple maintenance, operator friendliness and energy efficiency making it a productive and profitable solution for any converting operation.
